

# New LendingQB and MERS® Integration

Registration TOBS TOB TOS

## End-To-End MERS® Solution Populates LendingQB

Manual data entry was once the only way to get MERS® data back into LendingQB, but that's no longer the case. The automated processes offered by our MERS® transaction software will cut the busy work required by your staff significantly. Now with our eRAMP MERS® Transaction Management solution registration and transfer of rights status dates, update your LendingQB's platform in seconds, including the following:

- *Registration Date*
- *TOBS Dates*
- *TOB Date*
- *TOS Date*

eRAMP has been relied upon for MERS® transaction processing by lenders large and small since 2003. No matter what your existing setup is, our software will make your processes a whole lot simpler. Visit our website [www.OnCyberlink.com](http://www.OnCyberlink.com) to request a free live demo to evaluate all that eRAMP has to offer.

Now includes our exclusive Transfer of Rights Confirmation Certificate!
