

MERS® Transaction Processing

True Intelligent Automation

Looking for a way to simplify all your MERS transactions? You can save valuable time while improving efficiency and productivity with eRAMP, a powerful and intuitive software solution. eRAMP is designed to be used with your MeridianLink® Mortgage System. Loans ready to be registered or transferred to your investors automatically move between MeridianLink Mortgage, eRAMP and MERS. Completed transaction confirmation dates and our exclusive Confirmation certificate update back into MeridianLink in seconds.
